

ONE INJECTION - ONE SYRINGE  
MORE LIVES TO SAVE

**AUTO DISABLE SYRINGE**

Capacity: 0.5ml

- Gas Sterilization EO
- Sterile, Non-toxic, Non-pyrogenic
- Based on production equipment and technology from japan copyright & Patents by Star
- Certification in Accordance with E8/DS1 by WHO from 2005's

#### Technical characteristic

- **Technical characteristics of syringe:** syringe reached the required on the physical, chemical and biological ISO 7886 - 3 : 2005 (E)
- **Syringe needle inserted:** pliers made of stainless steel, suitable properties of a material according to ISO 7864 : 1993 (E) and ISO 9626 : 1991
- **Sterilization:** Achieving ISO 11138 - 1 : 2006  
ISO 11138 - 2 : 2006
- **Management System:** ISO 9001 : 2015 and  
ISO 13485 : 2016
- **Shelf life:** 5 years
- **Packaging:** Accordante the requirements of  
ISO 11607 - 1 : 2006
- **Packing Type:** packed in box 100 syringes Chipbox.  
24 boxes packed in cartons Chipbox
- **Labels:** information on the appropriate product  
standards BSEN 1041 : 1998 and NS - EN 980 : 2003
